## CLASSES AT YOUNG ISRAEL

### **Hilchos Shabbos**

Sundays following the 8:30 am Minyan

The class will systematically approach the laws of Shabbos, starting with positive commandments such as kiddush, havdalah and seudah. We will then move on to general principles of the melachos followed by an intensive focus on all 39 melachos. We will start from the gemara and rishonim down to contemporary poskim. Breakfast of bagels, spreads and coffee is served.

### **Gemara Kesubos**

Tuesday nights at 8 pm

The class will introduce you to the conceptual framework of the Talmud and its logic. The class is open to novices and advanced students alike. Experience the exhilaration of methodical talmudic discourse, to be followed by maariv minyan at 9 pm.

### **Writings of the Maharal from Prague**

Wednesday nights at 8 pm

The Maharal from Prague was held in great esteem by his contemporaries and has had a profound impact on all streams of Judaism. The great Rav Kook stated that the "Maharal was the father of the approach of the Gaon of Vilna on the one hand, and the father of Chasidut, on the other hand." He has been described as a Kabbalist who wrote in philosophic garb. Come taste the richness of his writings and change the way you experience the world. We will be studying the "Nesivos Olam" of the Maharal. Maariv minyan to follow at 9 pm.

### **Parshas Hashavua**

Shabbos Mornings at 8:45 am

Join us and be exposed to critical themes of the weekly parsha. For those for whom the weekly sermon is just not enough, this new class is just for you! Davening will begin promptly at 9:15 am following the shiur.
