The Sefer "Bilvavi Mishkan Evneh (In My Heart I Build A Sanctuary)" is an absolutely remarkable manual for the development of a personal and intimate relationship with Hashem. It was authored by Rav Itamar Shwartz of Yerushalayim, a Tzaddik of our generation and came to light in the summer of 5764. The author teaches by holding our hand and leading us with tiny baby steps how we can attain "Kirvas Elokim (attachment to Hashem)" every minute of our lives.
